Warranty

With Bowie's Lancer 600, you can apply your product either from the working platform using the discharge cannon or from the ground using a hose. You can cover more area with less labor. This unit uses one clutch to operate the full size agitator and another to operate the pump. It is available as either a skid or trailer mounted unit. What ever your application needs are, you can rely upon Bowie's **"Built Strong...Built to Last"** equipment.
